

Alpha 1 Technologies

ZK-UV-30A Standard Laser Marker

Specifications

Repeat frequency	1-200KHz
Pulse width	5-80ns
Wavelength	355nm
Beam quality m2	< 1.2
Beam divergence angle	< 2mrad
Standard engraving range	100 * 100 150 * 150 175 * 175 (optional)
Engraving speed	9000 mm/s
Minimum line width	0.01mm
Repeatability	± 0.005mm
Power demand	220v ± 22v / 50Hz / 10A
Machine power consumption	500W
Working temperature	20-35 C
Relative humidity	<80%
Equipment size	800mm * 600mm * 1400m m
